

Assignment 2

Working with EC2

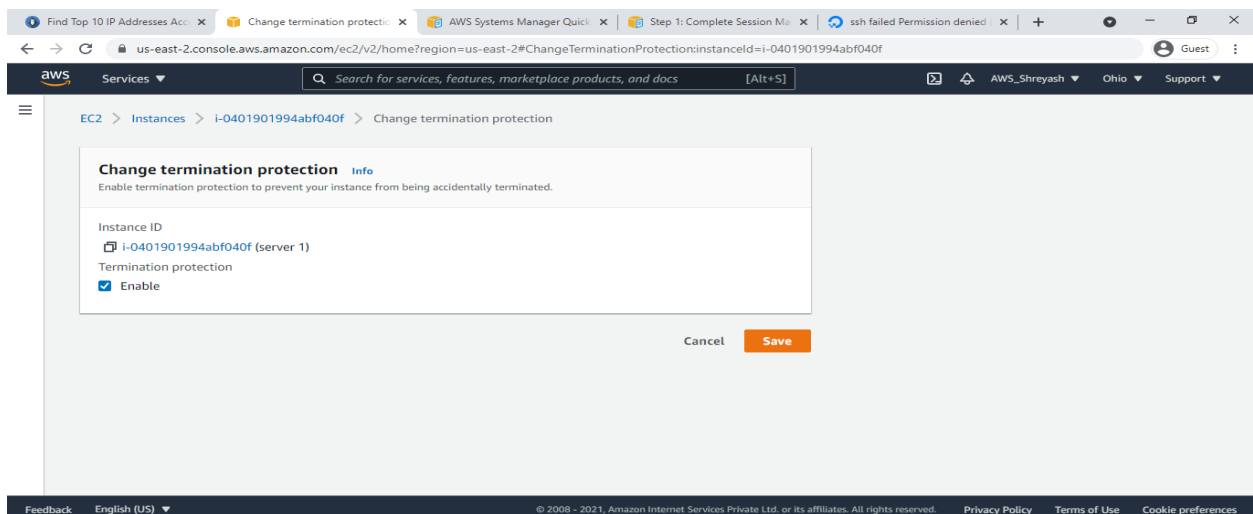

Task 1:

Creating a Instance

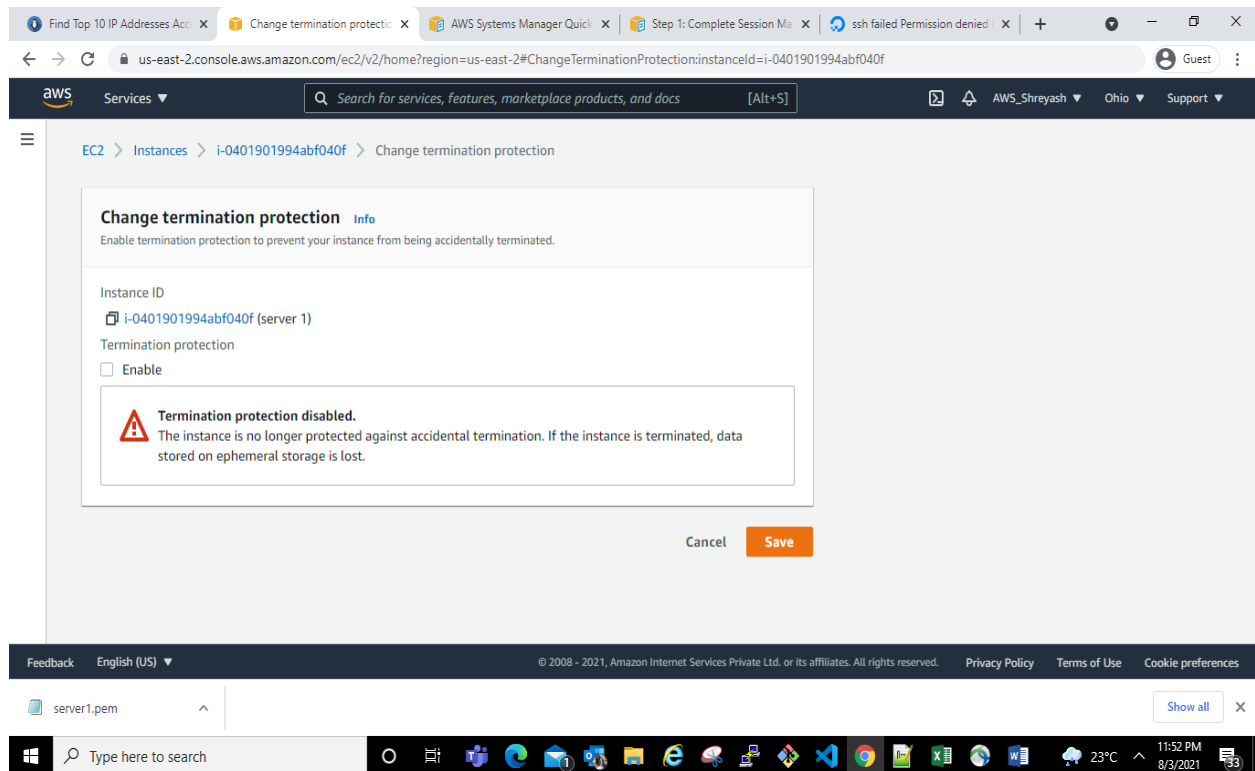

Task 2:

Enabling Termination protection

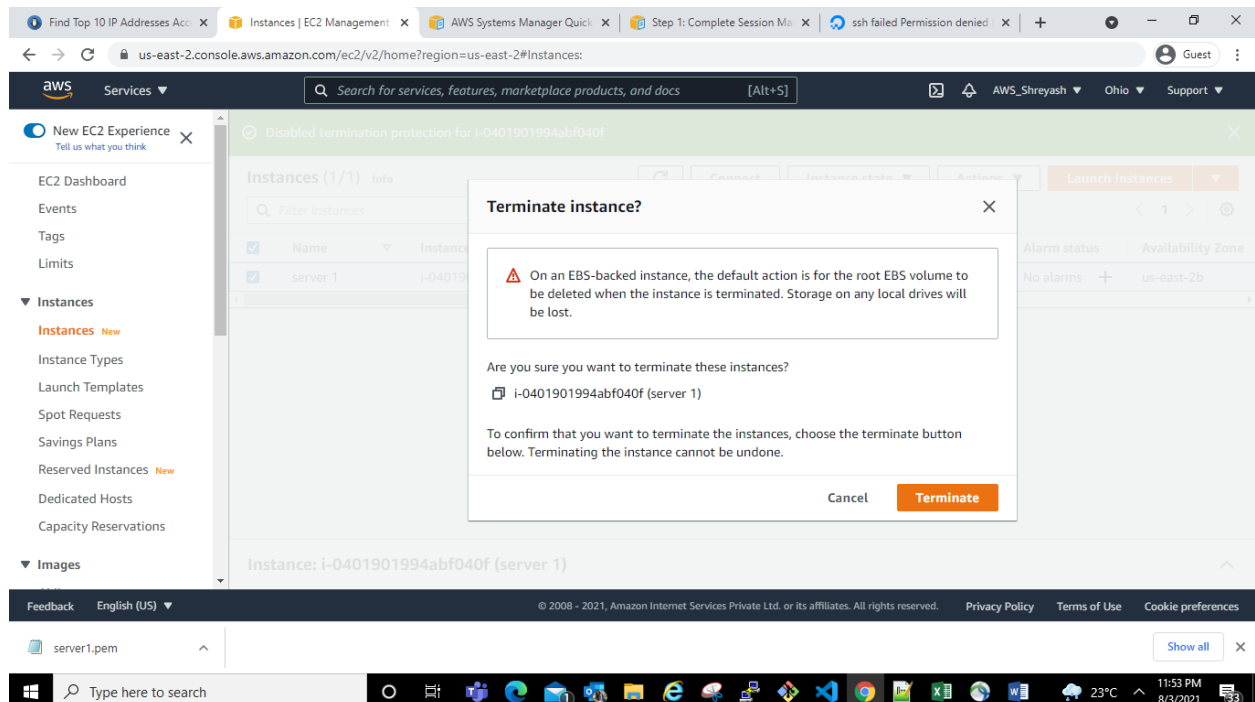

Disabling Termination protection.

Task 3:

Terminating the Instance

Here the Instance has been successfully Terminated

The screenshot displays the AWS Management Console interface for the us-east-2 region. The main content area shows the 'Instances' page with a table listing one instance, 'server 1', with ID 'i-0401901994abf040f'. The instance state is 'Shutting-down', and the status check shows '2/2 checks passed'. Two green notification banners at the top indicate that termination protection has been disabled and the instance has been successfully terminated. The left sidebar contains navigation links for EC2 Dashboard, Events, Tags, Limits, and various instance types and launch templates. The bottom of the screen shows a Windows taskbar with the time 11:54 PM on 8/3/2021.
